

## PETITION

We, the undersigned, urge the Tennessee State Legislature to approve the Rutherford County Commission's resolution for an Adequate Facilities Tax on new construction. Currently, Property Taxes and Wheel Taxes are the major sources of county revenue. The growth in Rutherford County will require more than \$500,000,000 just for schools (DNJ 20Dec04) over the next ten years. We don't want an increase in Property Taxes and/or Wheel Taxes to be the only way to pay for growth.
